Promoting a network of
collective community action
to realise a vision of an
enhanced Manawatu
environment

A Presentation in Two Parts To Palmerston North City Council on 13 March 2017

Part I

ENM – Who We are

Part II

Emerging Opportunities

Part I

- Who we are – some background
 - ENM the umbrella organisation
 - ENM the network

Who are we? – ENM the Umbrella Organisation

Environment Network Manawatu (ENM), the umbrella organisation, was formed in 2000 (and incorporated in 2001) by environment groups with the aim of improving:

communication, coordination and cooperation

ENM is governed by and accountable to its member groups.

ENM currently has:

- around 50 member groups and affiliates, active in areas ranging from biodiversity to sustainable living and urban planning.
- three part time staff or a total of 52 support hours per week
- 8 dedicated board members contributing around 1 000 volunteer hours pa.

How Do We Connect our Member Groups

ENM connects its member groups and the wider public via:

-ENM updates/calendar – Subscriptions: from 480 to 742 in the last 12 months

-Social media – Likes: from 291 to 604 in the last 12 months

-Face-to-face meetings

-Workshops and field trips – 50 people came on a fieldtrip to Foxton in December

-Stalls and events: 500 visitors at 2017 Esplanade Day – 61 new subscriptions

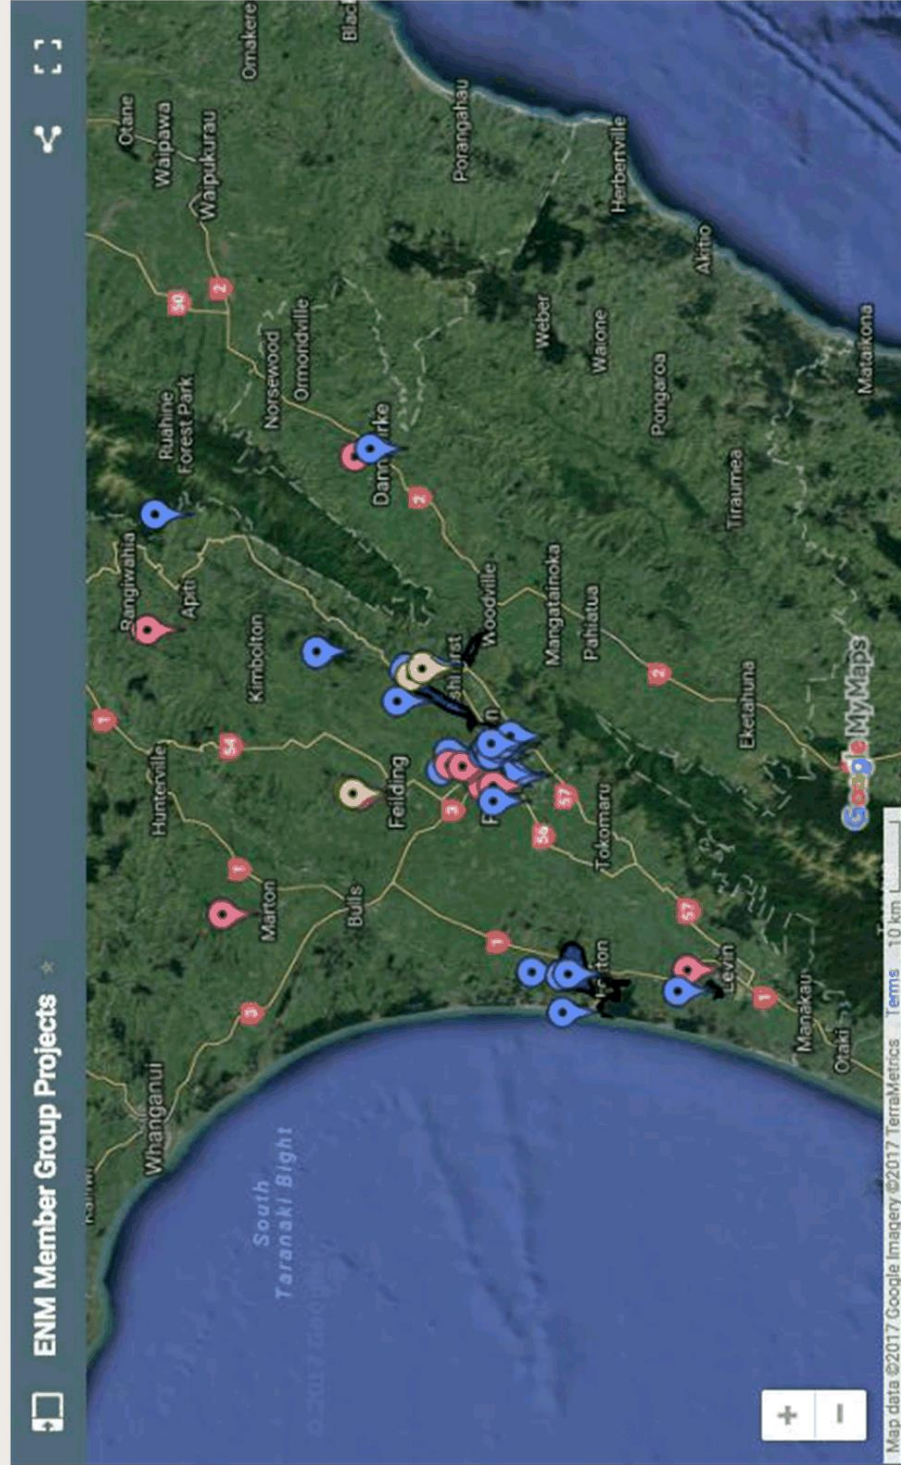

-50 Weekly articles published

-ENM Documentary

“Connecting to the Heartland”
(Thank you to Sy Taffle and Massey)

ENM member groups are spread throughout the Manawatu Catchment

We Have Many Strong Relationships Supporting the Network

To name a few:

- Palmerston North City Council
- Horizons
- Community Services Council
- Volunteer Resource Centre
- PNCET
- Department of Conservation
- Massey University
- Manawatu River Leaders' Forum & Te Apiti

Part II - Emerging Opportunities

Manawatu River Ecology
Park

Community Food &
Resilience

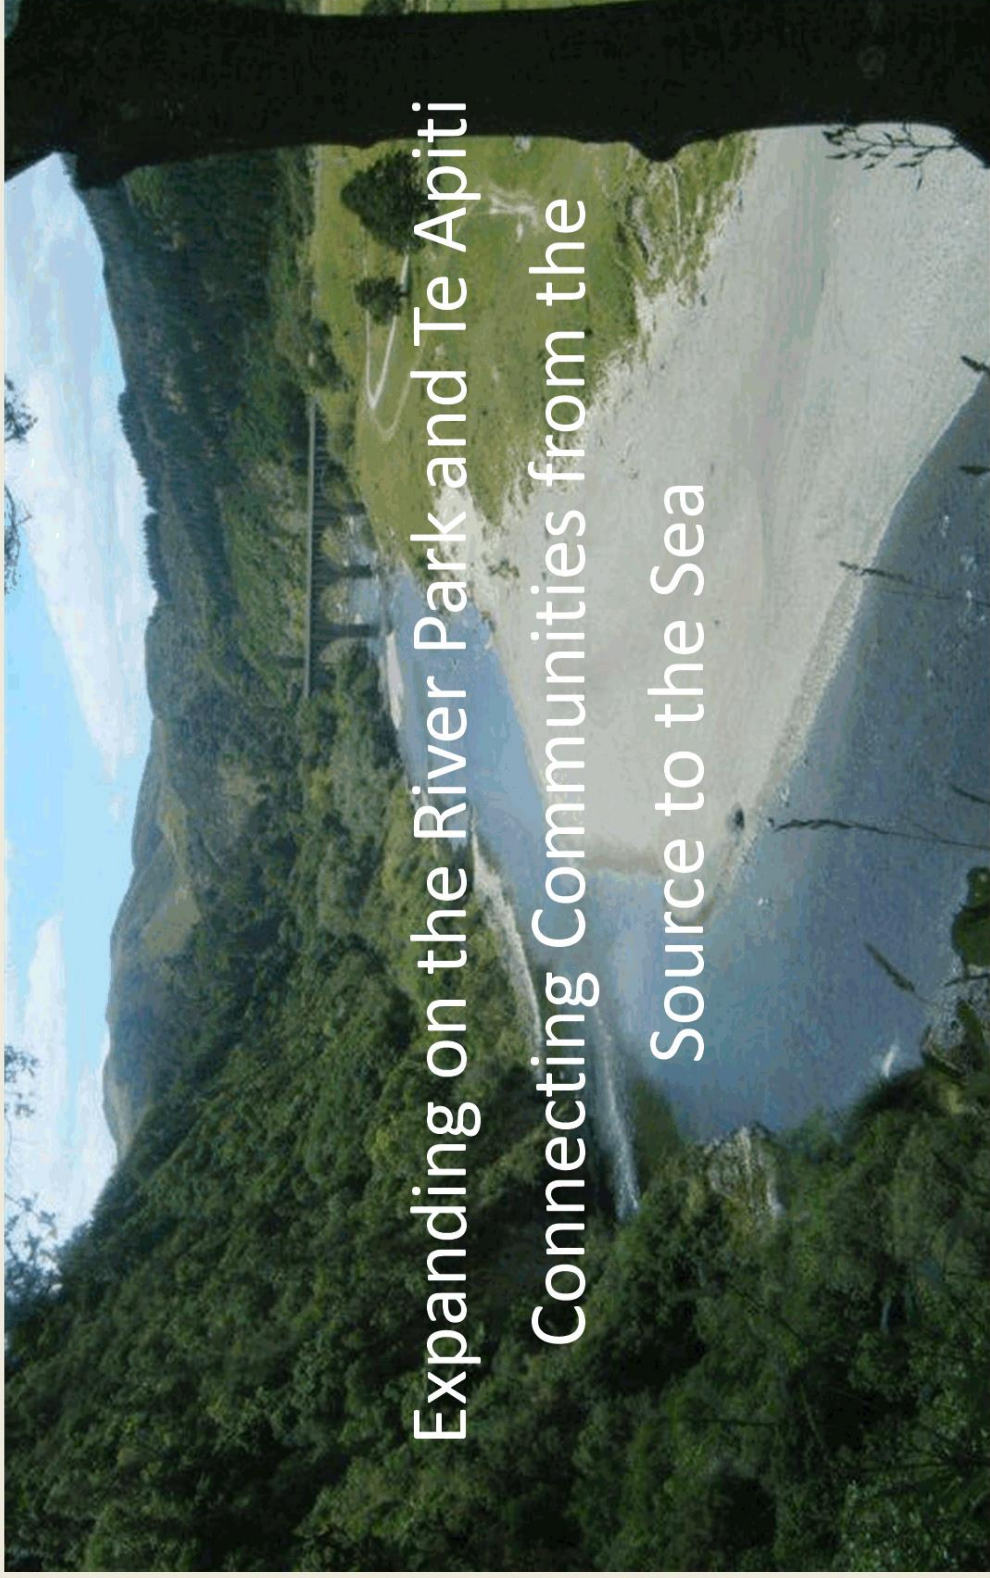

Envirocentre

Emerging Opportunities

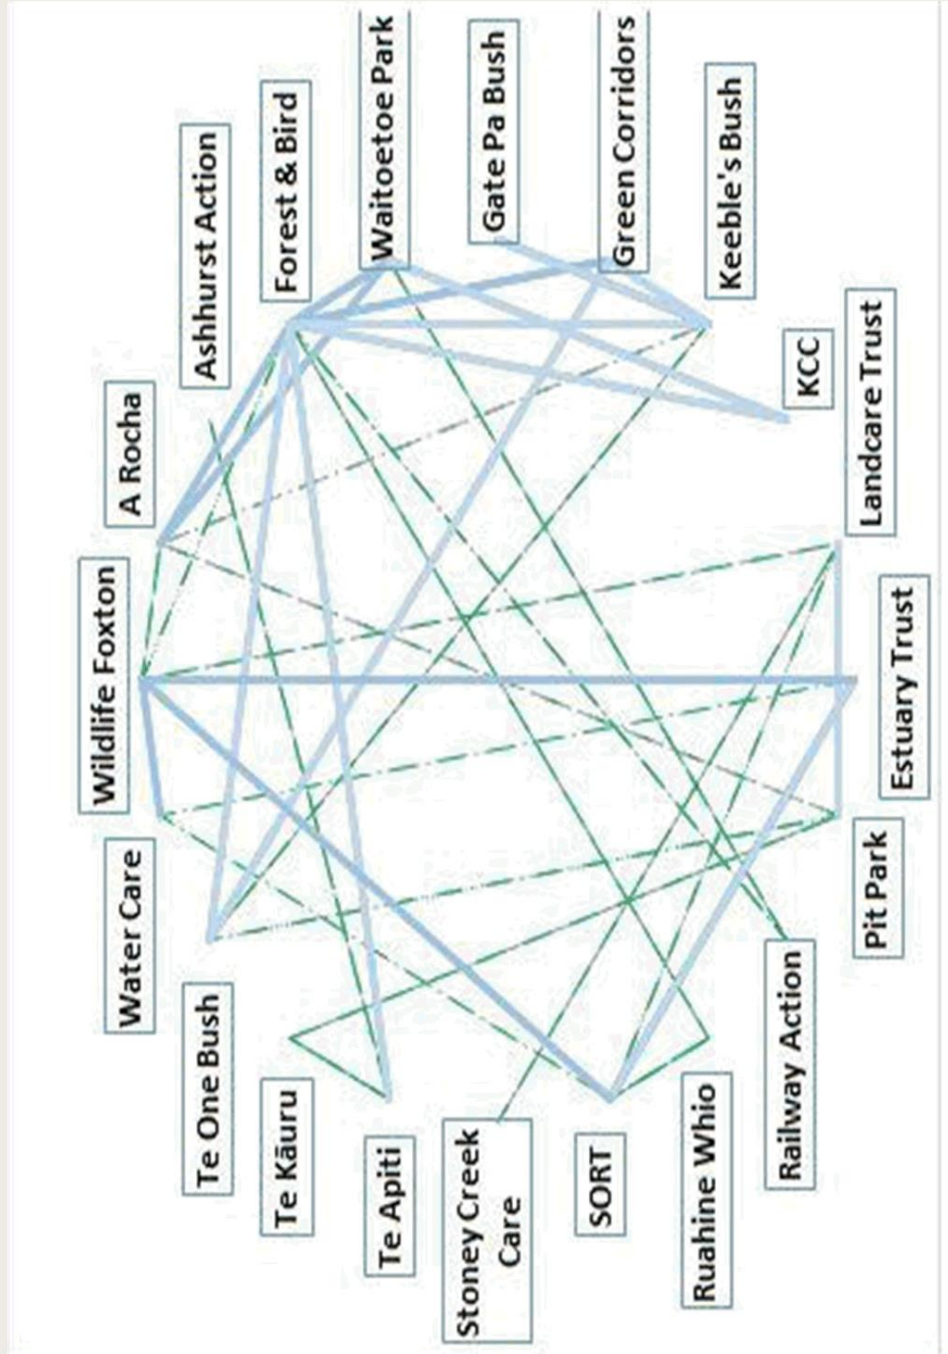

- ENM's agenda is set by its member groups
- Some member groups are ready to move beyond co-ordination of individual localised activities to:
 - Progress collective action and
 - Create a whole that is greater than its parts

ENM Assets and Skills

Moving Forward

We are looking forward to engaging in dialogue around:

- The new Long Term Plan and how we can expand on the successful model of engaging with ENM groups during the planning process (e.g. vegetation and biodiversity strategies) to other areas of mutual interest
- Models for collaboration beyond a fee for service contract
