Heather Shotter

Chief Executive | PALMERSTON NORTH CITY COUNCIL

COMMUNITY DEVELOPMENT COMMITTEE MEETING

1 December 2021

ORDER OF BUSINESS

1. Apologies

2. Notification of Additional Items

Pursuant to Sections 46A(7) and 46A(7A) of the Local Government Official Information and Meetings Act 1987, to receive the Chairperson's explanation that specified item(s), which do not appear on the Agenda of this meeting and/or the meeting to be held with the public excluded, will be discussed.

Any additions in accordance with Section 46A(7) must be approved by resolution with an explanation as to why they cannot be delayed until a future meeting.

Any additions in accordance with Section 46A(7A) may be received or referred to a subsequent meeting for further discussion. No resolution, decision or recommendation can be made in respect of a minor item.

3. Declarations of Interest (if any)

Members are reminded of their duty to give a general notice of any interest of items to be considered on this agenda and the need to declare these interests.

4. Public Comment

To receive comments from members of the public on matters specified on this Agenda or, if time permits, on other Committee matters.

(NOTE: If the Committee wishes to consider or discuss any issue raised that is not specified on the Agenda, other than to receive the comment made or refer it to the Chief Executive, then a resolution will need to be made in accordance with clause 2 above.)

14. Exclusion of Public

To be moved:

"That the public be excluded from the following parts of the proceedings of this meeting listed in the table below.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

eral subject of each er to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution

This resolution is made in reliance on Section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public as stated in the above table.

Also that the persons listed below be permitted to remain after the public has been excluded for the reasons stated.

[Add Third Parties], because of their knowledge and ability to assist the meeting in speaking to their report/s [or other matters as specified] and answering questions, noting that such person/s will be present at the meeting only for the items that relate to their respective report/s [or matters as specified].

PRESENTATION

TO: Community Development Committee

MEETING DATE: 1 December 2021

TITLE: Presentation - Barbara Thomas

RECOMMENDATION TO COMMUNITY DEVELOPMENT COMMITTEE

1. That the Community Development Committee receive the presentation for information.

SUMMARY

Barbara Thomas would like to make a presentation to the Committee regarding changes to library services around disposal and purchase of books.

PALMERSTON NORTH CITY COUNCIL

Minutes of the Community Development Committee Meeting Part I Public, held in the Council Chamber, First Floor, Civic Administration Building, 32 The Square, Palmerston North on 12 May 2021, commencing at 1.02pm

Members Councillor Lorna Johnson (in the Chair), The Mayor (Grant Smith) and

Present: Councillors Rachel Bowen, Brent Barrett, Zulfiqar Butt, Renee Dingwall, Lew

Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Karen Naylor, Bruno

Petrenas, Aleisha Rutherford and Ms Danielle Harris.

Non Councillors Vaughan Dennison and Orphée Mickalad.

Members:

Apologies: The Mayor (Grant Smith) (early departure on Council Business), and

Councillors Susan Baty and Leonie Hapeta.

Ms Danielle Harris declared an interest in item 13-21.

11-21 Apologies

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the Committee receive the apologies.

Clause 11-21 above was carried 15 votes to 0, the voting being as follows:

For:

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

12-21 Public Comment

Ms Kerry Hocquard, Community Health Advocate, Cancer Society of New Zealand Central Districts, requested that Council make a submission on the Smokefree Aotearoa 2025 Action Plan consultation, which closes on 31 May 2021.

In discussion it was resolved that the public comment be referred to the Chief Executive.

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the public comment be received for information and referred to the Chief Executive.

Clause 12-21 above was carried 15 votes to 0, the voting being as follows:

For

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

13-21 Presentation - Ora Konnect

Ms Stacey Seruvatu, Project Manager, Ora Konnect, Te Tihi o Ruahine, and Ms Materoa Mar, Upoko Whakarae – Chief Executive, Te Tihi o Ruahine Whanau Ora Alliance, explained that Ora Konnect was an Alliance made up of Tangata Whenua Rangitaane o Manawatū, non-profit organisations, Government and Maori organisations to create opportunities that improve whanau and community well-being within the 4412 community (south western suburbs of Palmerston North).

Ora Konnect is guided by the principles and outcomes of Whanau Ora, a holistic approach to wellbeing, and the Collective Impact Conditions.

The Council is an alliance partner, and is involved in almost all the activities currently delivered by Ora Konnect, such as Pharmacy Project, Mana Taiohi, Kai Sustainability, RIMA wellbeing, Ko tou manawa ko tou manawa, Covid-19 vaccination, Microgiving, Housing, and Wahanu Led. Ms Seruvatu highlighted the correlation between the project and the Council's Connected & Safe Community Strategy - He hapori tūhonohono, he hapori haumaru.

Finally, Ms Seruvatu pointed out a financial challenge that Ora Konnect was facing since the operating budget is lower than the estimated expenditure.

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the Community Development Committee receive the presentation from Ora Konnect for information.

Clause 13-21 above was carried 15 votes to 0, the voting being as follows:

For:

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

Note:

Ms Danielle Harris declared an interest.

14-21 Presentation - Te Roopu Oranga O Highbury Trust

Mrs Corrinne Tripp, Secretary, Ms Chrissy Paul, Treasurer, Te Roopu Oranga O Highbury Trust, and Dr Naveen Dissanayake made a presentation about Te Whare Koha Highbury.

Ms Paul advised that the group had been working for more than ten years to create and support initiatives for the wellbeing of primarily the Highbury community, with a focus on empowering the community.

Mrs Tripp explained that Te Whare Koha Highbury was a community hub shaped by the community in direct response to the community's needs and requests. Its kaupapa is 'a place for the people by the people, building our ability to find our own solutions'. Current services, which have grown, include a free shop, distribution of free food collected from Just Zilch and transportation.

Mrs Tripp asked for support from the Council in relation to the following:

- New venue accessible to the community
- Upgrade of transport services
- Expansion of the workforce.

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the Community Development Committee receive the presentation from Te Roopu Oranga O Highbury Trust for information.

Clause 14-21 above was carried 15 votes to 0, the voting being as follows:

For:

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

15-21 Confirmation of Minutes

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the minutes of the Community Development Committee meeting of 17 March 2021 Part I Public be confirmed as a true and correct record.

Clause 15-21 above was carried 13 votes to 0, with 2 abstentions, the voting being as follows:

For:

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Billy Meehan, Orphée Mickalad, Karen

Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

Abstained:

Councillors Brent Barrett and Patrick Handcock ONZM.

16-21 Progress update - Community Funding Policy

Memorandum, presented by Julie Macdonald - Strategy and Policy Manager.

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RECOMMENDS**

- That the memorandum titled 'Progress update Community Funding Policy' presented to the Community Development Committee on 12 May 2021 be received for information.
- 2. That the 10-year plan decisions relating to the relevant funding 'envelopes' and strategic direction inform administration of relevant funds until the adoption of an updated policy.

Clause 16-21 above was carried 15 votes to 0, the voting being as follows:

For:

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

17-21 Committee Work Schedule

Moved Lorna Johnson, seconded Rachel Bowen.

The **COMMITTEE RESOLVED**

1. That the Community Development Committee receive its Work Schedule dated May 2021.

Clause 17-21 above was carried 15 votes to 0, the voting being as follows:

For

The Mayor (Grant Smith) and Councillors Lorna Johnson, Rachel Bowen, Brent Barrett, Zulfiqar Butt, Vaughan Dennison, Renee Dingwall, Lew Findlay QSM, Patrick Handcock ONZM, Billy Meehan, Orphée Mickalad, Karen Naylor, Bruno Petrenas, Aleisha Rutherford and Danielle Harris.

The meeting finished at 2.26pm

Confirmed 1 December 2021

Chairperson

MEMORANDUM

TO: Community Development Committee

MEETING DATE: 1 December 2021

TITLE: Summary of Community Funding Allocations from 01/07/2020 -

30/06/2021.

PRESENTED BY: Stephanie Velvin, Acting Community Development Manager

APPROVED BY: Chris Dyhrberg, Chief Customer Officer

RECOMMENDATION TO COMMUNITY DEVELOPMENT COMMITTEE

1. That the report titled 'Summary of Community Funding Allocations from 01/07/2020 - 30/06/2021' be received.

1. ISSUE

1.1 Council wishes to see an overview of all community funding.

2. BACKGROUND

- 2.1 Palmerston North depends on having a capable and sustainable community and voluntary sector to support a connected, safe and vibrant community. To this end, Council funds a wide range of community groups, organisations and individuals via several contestable initiative-specific and outcomesfocused grant programmes.
- 2.2 The Business Assurance plan for 2019/20 endorsed by Council on 19 August 2019 required a review of community grants and events funding. That review was received by Council at the Finance and Audit Meeting on 26 May 2021.
- 2.3 Item 1c from the Agreed Action Plan was that a yearly report on the performance of all grants be presented to Council with recommendations for change where applicable. This is the first yearly report.
- 2.4 This report has been prepared by Community Development, with specific input from Events, Youth Services and Planning. It has also been peer reviewed by Strategic Planning.

3. DISCUSSION

Overview

- 3.1 This report will provide information and analysis on the performance of Council's community funding programmes delivered in the 2020/2021 financial year.
- 3.2 The funding programmes (also referred to as grants) included in this report are:
 - Strategic Priority Grants
 - Celebrating Communities Fund
 - Local Initiatives Fund
 - Community Development Small Grants Fund
 - Creative Communities Scheme
 - Major Events Fund
 - Palmy Unleashed
 - Natural and Cultural Heritage Incentive Fund
 - Palmerston North Youth Council Scholarships and Grants Fund
- 3.3 This report will provide an overview of each fund for the 20/21 Financial Year, comment on trends seen over the previous three years of the funding programme (including 2018/2019, 2019/2020 and 2020/2021), and comment on the future of each fund (from 2021/2022).
- 3.4 Following the overview by fund, this report will provide comment on overall themes across the funding programmes.

Context

3.5 Contestable community funding is a popular tool used to support community development, as a mechanism to devolve resource into the community for community-led solutions. For Council, other benefits of grant funding processes include facilitating interactions between Council and community as opportunities to build relationships, providing Council with intel via applications and reporting as to the challenges and opportunities presenting in communities, and providing capability building opportunities for the community sector. A common challenge of contestable community funding approaches is oversubscription, or demand outstripping supply, particularly as community and voluntary sectors grow in size and capability. As Council cannot afford to fund all requests, staff draw on guidelines, policy and

expertise to prioritise available funding. Staff also use a range of other tools to support capacity and capability building in the community and voluntary sector.

- 3.6 In 2018, Council began moving funding administration to the cloud-based software SmartyGrants. This saves both Council and grant recipients time and resources, allowing Council to focus on getting the best outcomes for our community. It also ensures staff can easily access application data and preserve information for the future. In the 20/21 year, most grants were administered via SmartyGrants.
- 3.7 The policy guiding the administration of these funding programmes for the 20/21 financial year was the Community Funding Policy 2018. This 2018 Policy remains applicable for the current financial year; however, it is noted that this policy is currently under review. Consequently, recommendations as relate to policy in this report are limited so as not to create confusion or complication with the concurrent policy review process.
- 3.8 A new policy is likely to take effect in full for the administration of grants from the 2022/2023 financial year, and therefore will be reflected in full in the 2023 annual funding report.
- 3.9 It is also noted that Council resolved in May 2021 that 10-year plan decisions relating to the relevant funding envelopes and strategic direction for grant funding is to inform administration of relevant funds until the adoption of an updated policy. As a result, the Celebrating Communities and Local Initiatives funds have been discontinued from 21/22, and staff are currently operating the Community-led Initiatives fund as described in the report below.
- 3.10 Community funding or grant programmes not included in this report include: Arts Events Fund, Sports Event Partnership Fund, 150 Year Community Seed Funding and the COVID-19 Relief Fund. The Arts Event Fund was not funded for 2020/2021 as a consequence of the 2020/21 annual budget decision by Council. The Arts Event Fund funding has been restored for 2021/2022, thus it will be reported on next year. The Sports Event Partnership Fund is reported on separately by Sport Manawatū. The 150 Year Community Seed Funding and COVID-19 Relief Funds are excluded as they are not ongoing funding programmes.
- 3.11 Council also provides funding for a grants scheme via Environment Network Manawatū, called the Environmental Initiatives Fund, through a Strategic Priority Grants contract. This has not been included here as it is completely administered by a third party, and there is no guarantee of it continuing beyond the current Strategic Priority Grants contract period which ends 30 June 2022.

Information by fund

3.12 Strategic Priority Grants

Purpose: The purpose of this grants programme is to activate the potential of the community sector to deliver on Council's strategic direction, specifically Goals 2, 3 and 4, through three-year funding agreements.

The Strategic Priority Grants (SPG) programme is Council's largest funding stream available for the for-purpose sector. With three-year funding agreements, it provides organisations a higher level of certainty in their operations than annual or project-specific funding. It is also one of the few funding programmes available for back office costs, and many SPG recipients rely on this funding to contribute to staff salaries and overheads. Budget 20/21: \$1,313,005.00

Allocation process: Once every three years, a staff panel assesses SPG applications received via SmartyGrants according to the criteria and principles in the funding policy. Due to demand and the relative complexity of the applications, the allocation process involves multiple steps, including initial individual staff assessments, a small group assessment and ranking stage, and a full panel moderation session.

2020-2021 Year: This was Year 2 of 2019-2022 three-year contract period. 43 for-purpose groups are funded through Strategic Priority Grants for the three-year period 2019-2022. 75 applications were received in total for this same funding period. The smallest grant is received by the Manawatū Community Housing Trust, with \$15,460.50 allocated in total for the three years. Creative Sounds Society receive the largest grant of \$331,579.00 total, for The Stomach. The average grant is \$92,361.77 total, or \$30,787.26 per annum.

Graph 1 below shows the allocation of total funds by Goal. It is noted that most groups' work can be attributed to more than one Goal, however we have selected the goal to which they most align for the purposes of this analysis. The majority of groups, 32, are primarily working towards Goal 3, Connected & Safe. This represents 61% of the SPG fund allocation. Creative & Exciting, Goal 2, has six groups, or 23% of the investment, whilst Eco city, Goal 4, includes six contracts across five groups receiving 16%. This distribution is expected as Goals 2 and 4 tend to have more alternative funding avenues, and there are fewer not-for-profit groups operating in the city in the Goal 2 and 4 areas (and we receive fewer applications towards these Goals).

Graph 1

Performance data submitted by SPG recipients showed that there were over 17,000 client interactions (recipients of a service, workshop attendance, event participation etc.) across all groups for the six-month period July-December 2020. Acknowledging that there will be some double ups in the data (i.e. person X attended a workshop at group A as well as a session at group B), this figure shows that the SPG fund is activating and supporting a significant proportion of the city's residents.

Future of the fund: Applications for the 2022-2025 Strategic Priority Grants are open now until 1 November. Decisions on allocation will be made in early 2022, with new contracts commencing 1 July 2022. Staff expect most current SPG recipients will reapply, and there will be applications from new groups.

It is noted that the support and funding policy review under consultation proposes a mechanism for 'sector lead' organisations to be engaged separately from the SPG programme through individual partnership agreements. The policy proposes that the funding for the partnership agreements will be allocated out of the SPG fund. The adoption of the policy will likely occur after the assessment of the SPG applications for 22-25, and staff expect that the transition of sector leads to individual partnership agreements will occur during the 22-25 SPG contract period. As it stands currently, that would result in a lesser total amount available for allocation from the SPG fund in the subsequent SPG contract period of 25-28.

3.12 Celebrating Communities Fund (discontinued)

Celebrating Communities is one of the most responsive and accessible funds available for the community, being open year-round, with a short turnaround between application and decision, and the ability to fund a broad range of small to medium scale events and activities. As a result, it is a popular fund

which has a significant role in creating connected and safe communities within a creative and exciting city.

Purpose: The purpose of this grants programme is to support events in Palmerston North that help particular communities to celebrate their strengths and share them with the city. The fund is about supporting geographic communities, as well as other communities of interest, to participate in gatherings of a celebratory, educational, competitive, commemorative or exhibitive nature.

Budget 20/21: \$103,328.00

Allocation process: Applications are received via SmartyGrants, and assessed by a panel of two officers, including a first full assessment and a second peer review assessment.

2020-2021 Year: In the 20/21 year we received 33 applications, 27 of which were successful in receiving funding. Across these 27 successful applications, the entire fund of \$103,328.00 was allocated.

The New Zealand Sikh Society Palmerston North Incorporated received the largest grant of \$10,000 for the Punjabi Festival 2020, which attracted 7250 people to Te Marae o Hine - The Square on 31 October 2020. In contrast, \$500 was the smallest grant allocated to support the Manawatū Freshwater Anglers Club to host the Manawatū Family Fishing event at the Hokowhitū Lagoon, attracting 350 parents and kids.

Several funding recipients, including the Manawatū Freshwater Anglers Club, noted that Covid-19 restrictions (in October 2020 and February 2021) affected participation rates but also offered opportunities to connect more meaningfully with smaller audiences.

Three events were approved for funding but due to Covid-19 had to be rescheduled to this year (2021-2022). In each case, if a new date is agreed with event organisers, they may either retain the funds to complete their event or return the funding and reapply if they face increased costs that they are unable to fund with their original grant. If the event is cancelled, organisers are required to return any unspent funds.

Three-year trends: The Celebrating Communities Fund programme has consistently experienced a high level of demand, with 34 applications in 18/19, 26 applications in 19/20 and 33 applications in 20/21.

This fund has provided significant value for money, in that most applications are for part-funding of events, with most groups seeking funding from multiple sources or providing in-kind support such as volunteer time to make events and activities happen.

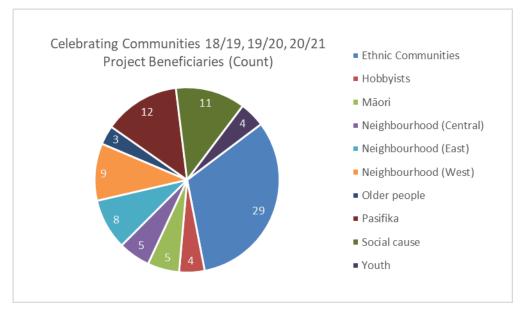

A total of 90,094 people (based on applicants' post-event reporting) benefited from Celebrating Communities supported events and activities in this three-year period.

As shown in Graph 2 below, which depicts all the successful applications categorised by event beneficiary, there has been a good level of diversity of in the communities of interest who are benefiting from the Celebrating

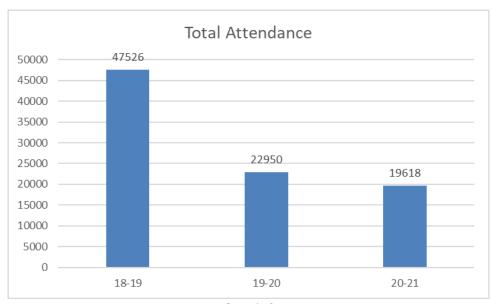

Communities grants. (This report acknowledges that people and communities as event beneficiaries are intersectional, so the category selected is based on the event organisers' description of who they perceive to be the benefiting community of interest.)

Graph 3 represents the total number of attendees at events and activities funded by Celebrating Communities grants for each of the three previous years. It shows the impact of the COVID-19 related restrictions in limiting the number of events and the number of attendees at events occurring in the city.

Graph 2

Graph 3

Future of the fund: Discontinued from 2021/2022. Council decided as part of the 10 Year Plan deliberations earlier in 2021 to combine this fund with the Local Initiatives Fund to create the Community-Led Initiatives fund. The guidelines of the Community-Led Initiatives fund are in development; in the meantime, staff are assessing applications under the Celebrating Communities fund guidelines, for applications which would have previously been received and assessed under this programme. The Community-Led Initiatives Fund will be also be guided at a high level by the new Support and Funding Policy.

3.13 Local Initiatives Fund (discontinued)

The Local Initiatives Fund has been discontinued and rolled into a new grant programme called the Community-led Initiatives fund.

Purpose: The purpose of this grants programme is to provide an opportunity for new initiatives to develop, after which time they are in a better position to seek long-term funding elsewhere. Initiatives must be unique, innovative and address an issue of community of concern in Palmerston North.

Budget 20/21: \$29,198.00

Allocation process: Grants are be awarded through a contestable process up to three times a year depending on when all the funding is expended. An allocation panel of one elected member and two community nominees assesses the applications and makes allocation decisions.

2020-2021 Year: Of the three expressions of interest received, one was withdrawn by the applicant after they decided their work did not fit the focus of the Local Initiatives Fund (LIF), one was declined by the LIF panel, and the third was successful. This project received \$22,000 towards creation of a therapeutic Nature Sanctuary in Palmerston North to support healing from trauma, abuse, mental health, and to facilitate the reconnection between people and the natural world.

Three-year trend: Few applications to this fund have been successful. Three out of seven in the 2018/2019 year and none of the eleven applications in the 2019/2020 year. This may have influenced the low number of applications in the last year.

Future of the fund: Discontinued from 2021/2022. Council decided as part of the 10 Year Plan deliberations earlier in 2021 to combine this fund with the Celebrating Communities Fund to create the Community-Led Initiatives fund. As noted above, guidelines of the Community-Led Initiatives fund are in development; in the meantime, any applications which officers believe would have been in alignment with the purpose of the Local Initiatives fund will be assessed using the Celebrating Communities application process, with staff drawing on the intent expressed in the old Local Initiatives fund guidelines and the proposed support and funding policy to guide decisions.

3.14 Community Development Small Grants Fund

Purpose: The purpose of this grants programme is to provide funding for essential administration expenses to enable local not-for-profit community groups to operate. Groups may apply for grants up to \$5000 to cover costs

related to audit or financial review, communication, energy, insurance, volunteer expenses, rent or stationery. Organisations seeking funding must contribute to either Goal 2, 3 or 4.

Budget 20/21: \$183,293.00

Allocation process: Grants are allocated through a contestable process once a year, administered by the Palmerston North Community Services Council (based on an annual administration agreement between PNCC and PNCSC). PNCSC appoint a community panel to meet with all applicants and make allocation decisions.

2020-2021 Year: 69 applications were received in total, and 64 of these were successful in receiving an allocation of funding. Of the 64 approved applications, the average amount requested was \$4,461.05, and the average amount allocated was \$2,707.70. Of the 64 approved applications, 25 were also Strategic Priority Grant recipients.

Future of the fund: As it stands, the contract for administration of Small Grants fund is to be confirmed annually with PNCSC.

3.15 Creative Communities Scheme

Purpose: This grants programme is a partnership between Creative New Zealand and the Council. The fund supports local arts projects that create opportunities for the local community to engage with and participate in arts activities. While Creative New Zealand set the priorities for this fund, the local allocation panel has the option to also consider the priorities outlined in Council's Creative and Liveable Strategy (to achieve Goal 2: A creative and exciting city) and the Connected Community Strategy (to achieve Goal 3: A connected and safe community).

Budget 20/21: Council contributed \$33,266.00 and Creative NZ contributed \$68,220.00. In addition, the CCS Committee decided to carry over funding unspent due to Covid-19 from the 2019/20 financial year. Creative New Zealand allows a total of 15% of the funding to be carried over and this totalled \$14,484.56. A further \$15, 577.49 was received from Creative NZ as part of their Covid-19 Phase 2 Response Plan, making a total funding pool for 2020-21 of \$131,548.05

Allocation process: This process is determined by the Creative Communities guidelines. A panel made up of community representatives and Councillors make allocation decisions twice a year.

2020-2021 Year: A total of sixty-two applications were received across the two rounds, with forty-two projects funded. Grants ranged from \$352.50 to support the Manawatū Writers Hub to \$12,218.54 for a 10-week toi whakairo pilot programme.

This programme was developed for tane serving a community-based sentence with the Department of Corrections. Developed by Māori for Māori, the participants learnt operational and theoretical knowledge consistent with tikanga and reo across a range of ngā toi art forms. All developed a stronger connection and a sense of belonging to their whanau, iwi, culture and themselves, helping these men to re-engage back into the community as

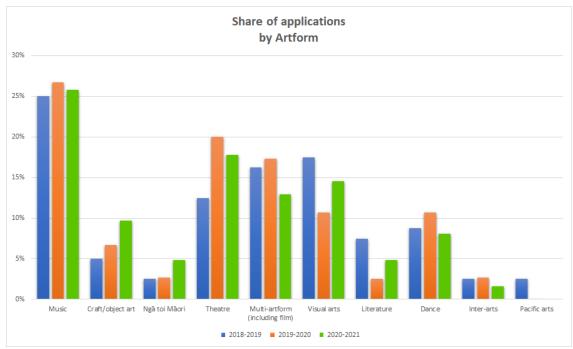

positive role models. The aim is to have this programme funded by Corrections and available nationwide.

Creative Communities recipients were impacted by the Covid-19 Lockdown and event restrictions. Nine projects were postponed and three were cancelled. Funding was returned from the cancelled events, while postponed event organisers had the same option as Celebrating Communities recipients: to retain their funding with negotiated extensions to their reporting dates, or return their funding and reapply if they faced increased costs.

Three-year trend:

As demonstrated in Graph 4 below, while applications to support Nga toi Māori are increasing, there is a need to reach out to the Pasifika communities to encourage them to apply. Building a close relationship with the Pasifika Reference Group may assist this. Music, theatre, and the visual arts remain the basis of the majority of applications for project funding, with growth in craft/object art possibly encouraged by many people taking up the opportunity to create during Lockdown.

Graph 4

Graph 5

Future of the fund: As one of the most accessible community funds (available to individuals and groups whether they are formal trust or not) this fund is continually over-subscribed, as demonstrated in Graph 5. Restoration of the Arts Event Fund (\$50,000 annually) in the 2021/22 year will help by funding larger arts events requiring \$10,000 or more in support; the Creative Communities Committee are able to refer CCS applicants directly to this fund. The CCS fund has also benefited from extra the Covid-19 response funding provided by Creative New Zealand.

3.16 Major Events Fund

Purpose: This grants programme is designed to support the attraction, development and growth of events in Palmerston North. The objective of the Major Events Fund is to support Event Producers to deliver world class events that drive sustainable growth in domestic visitation and promote Palmerston North's unique identity to a wider audience. A specific focus on events that increase visitor nights, increased tourism spend and economic activity is targeted.

Budget 20/21: \$206,444.00

Allocation process: A cross section assessment panel consisting of two staff and a CEDA representative receive applications throughout the financial year until funds are fully allocated. Multi-year funding can be approved by the panel if this will assist in event growth and economic benefit.

2020-2021 Year: Four applicants received grant funding. NZ Young Performers, Manawatu Jazz and Blues Festival, Gravel and Tar (Manawatu Cycling Spree) and NZ Rural Games.

Three-year trend: This fund has been oversubscribed year on year. Many applicants do not meet the specific criteria to drive additional visitation to Palmerston North and many event organisers need help to increase visitation to the city with specific marketing guidance.

Future of the fund: Maintaining a targeted focus on economic benefit and events that help promote the city to a national audience. Locally focussed events will be asked to apply to more appropriate funding avenues.

3.17 Natural and Cultural Heritage Incentive Fund (NCHIF)

Purpose: The NCHIF has four categories to help with protecting and promoting the City's heritage:

- a) Strengthening Palmy history: targeted at earthquake prone heritage buildings and street character buildings that require strengthening;
- b) Protecting Palmy history: to help owners look after our most significant heritage buildings and sites, with funding for conservation, maintenance, repair, and restoration of scheduled heritage buildings and sites:
- c) Promoting Palmy history: to support community-led heritage education, research or promotion projects; and
- d) Notable Palmy trees: to help notable tree owners with the costs of minor maintenance and trimming.

Given the requirements of the Building (Earthquake-prone Buildings) Amendment Act 2016, the priority for this fund is earthquake strengthening listed heritage buildings.

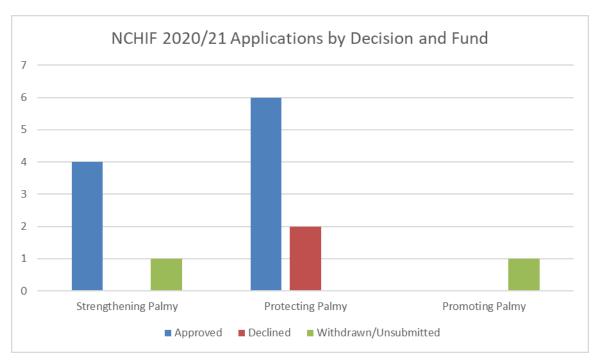

Budget 20/21: \$44,100 to support funding categories b-d above. \$151,050 to support funding the Strengthening Palmy history category.

Allocation process: For fund categories a-c, applications are assessed by one officer and peer-reviewed by another officer. For Notable Trees Palmy an eligibility check is undertaken prior to approving the application.

2020-2021 Year: See Graph 6. Note that Notable Palmy trees had not been set up into the Smartygrants system until this year. Key insights include:

- There were no applications for Promoting Palmy history, but the historical average has been one application submitted per year.
- Applications for Strengthening Palmy history were consistent with trends from 2018/19 and 2019/20.
- Applications for Protecting Palmy history have been steadily increasing over the past three years.

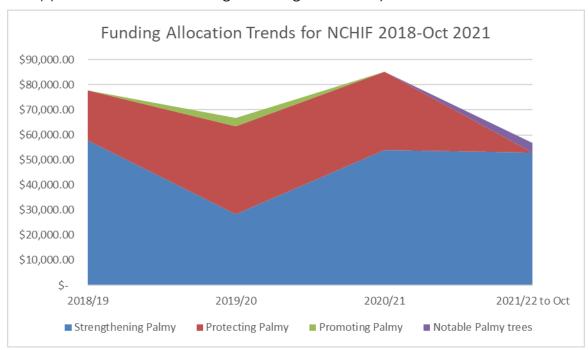

Graph 6

Three-year trend:

The key Annual Plan Performance Measure is an "Increase in investment in earthquake-prone heritage buildings." Three-year trends in Graph 7 below show that support for earthquake strengthening is on track to meet this performance measure this year. There has been a stronger level of investment to support restoration of heritage buildings in recent years.

Graph 7

Future of the fund: Priority routes identified in 2018 will have increased the imperative and eligibility of buildings that could be supported by this fund.

3.18 Palmy Unleashed (discontinued from 21/22)

Purpose: The Palmy Unleashed Fund supported events with the following outcomes:

- Unique and a little bit unexpected
- Community initiated, planned and managed
- New, or new to Palmy
- Small to medium sized
- Musical, arty, recreational, sporty, leisure focused
- Open to everyone
- Located somewhere in the city centre
- Makes use of public places like the Square, footpaths, laneways, carparks etc
- Helps boost off-peak periods and encourages people to stay longer and do more in the CBD
- One-off events, or keen to grow and become self-sustainable

Budget 20/21: \$ 50,000

Allocation process: Applications were assessed by a panel of two officers, including a first full assessment and a peer review assessment.

2020-2021 Year: \$12,00 of possible grant funding was not allocated due to lack of appropriate applications. The remaining was allocated to a variety of events within the city in a range of disciplines including cultural, performance, visual arts, crafts and sporting.

Three-year trend: It is noted that youth-targeted, agile events, including graffiti art, electronic music and food trucks, featured in most applications.

Future of the fund: As the grants component of this programme has been removed in the long-term plan, no community grants will be allocated going forward.

3.19 <u>Palmerston North Youth Council Scholarships and Grants Fund:</u>

Purpose: Celebrate the contribution made by young people in our city through active participation and leadership in their given field. Inspire young people to take up growth opportunities and enable access to these opportunities. Also provides a development opportunity for the Youth Council who learn about financial transparency and sound decision making. Funding categories include sports, arts, academic excellence and community contribution. Applicants must be aged 12-24.

Budget 20/21: \$6000.00

Allocation process: Once a year, allocation decisions are made by a scholarships committee, which consists of 5 to 7 youth councillors (who represent a range of schools, ages and interests) plus a council officer who

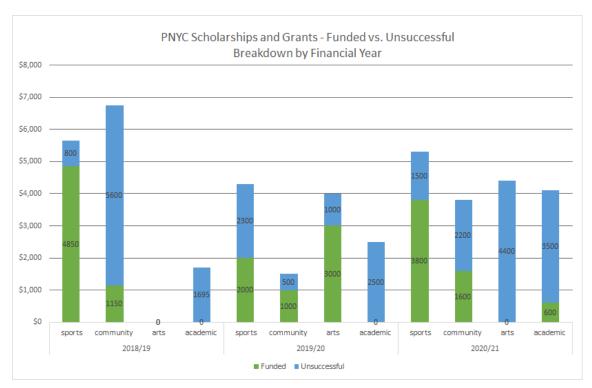

oversees the process. The amount awarded to successful applications is variable based on the amount requested but is between \$500 (minimum) and \$1150 (maximum) per applicant. The assessment process includes an initial application review, an interview with shortlisted applicants and a moderation session.

2020-2021 Year: 18 Applications were received. Of these, 7 applications were successful. A total of \$17,600 was applied for, and \$6000.00 allocated from the fund. On average, \$1600.00 was requested per application and \$857.00 was awarded.

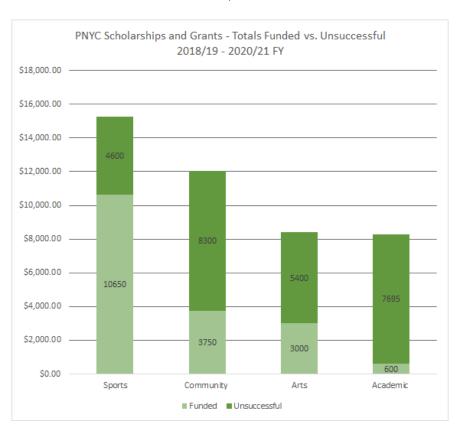

Of these, four young people were enabled to attend national and international sports events representing the city/nation, totalling \$3800.00 in the total fund allocation. Two were awarded grants for youth led community projects totalling \$1600.00. One was awarded under the academic excellence category and the funding went towards continued school related costs of \$600.00.

Three-year trend: Across three years, \$43,995.00 has been applied for, and \$18,000,00 awarded to 23 successful applicants. As depicted in Graph 8 and 9 below, sporting endeavours have been allocated \$10,650, from the \$15,250 applied for. In community initiatives, \$3750.00 has been allocated out of \$12,050 applied for. Examples of successful applications have been youth-led music classes for former refugee young people, and a short film production for raising awareness for young people affected by diabetes. In the Arts, \$3000.00 has been allocated, out of \$8400 applied for. Successful applicants have included access to national dance conferences and youth directed play recitals. Lastly, \$600.00 has been allocated towards recognising and enabling continued academic success, out of \$8294.00 applied for.

Graph 8

Graph 9

Future of the fund: Applications for the 21/22 year have just closed at the date of writing this report. Applications for the 22/23 year will be processed through SmartyGrants. There is an intent by staff to better promote the stories of success that young people of the city have been enabled to achieve through this fund, which may include tracking scholarship alumni to demonstrate how this fund is a pathway to further success. Staff also note an intent to improve the diversity of applications, particularly in the arts and academics categories.

4. CONCLUSION

This report has provided a summary of the performance of Council's grant funding in the year 2021/2022. It has demonstrated the significant role grant funding plays in our community, with over two million dollars allocated annually to support the community sector, who in turn support thousands of individuals, as well as providing funding for numerous events and activities to help our city be more vibrant and creative.

In future, by moving more funds on to SmartyGrants for administration, and with an increased staff focus on data collection, particularly in terms of impact evaluation and achievement against intended outcomes, there will be increased opportunities (including in subsequent iterations of this report) to gain insight and tell the stories of what this investment is achieving for our city.

5. COMPLIANCE AND ADMINISTRATION

Does the Committee have delegated authority to decide?	No
Are the decisions significant?	No
If they are significant do they affect land or a body of water?	No
Can this decision only be made through a 10 Year Plan?	No
Does this decision require consultation through the Special Consultative procedure?	No
Is there funding in the current Annual Plan for these actions?	Yes
Are the recommendations inconsistent with any of Council's policies or plans?	No

The recommendations contribute to Goal 3: A Connected and Safe Community

The recommendations contribute to the outcomes of the Connected Community Strategy

The recommendations contribute to the achievement of action/actions in the Community Support Plan

The action is: Administer grants in line with the community funding policy.

Note due to the range of funds included this report relates to outcomes and actions under multiple plans across Goals 2, 3 and 4.

Contribution to	Providing funding to community helps Council deliver its strategic
strategic	objectives in a range of areas and provides critical support to
	the local for-purpose sector.

MEMORANDUM

TO: Community Development Committee

MEETING DATE: 1 December 2021

TITLE: Community Reference Groups - Terms of Reference

PRESENTED BY: Stephanie Velvin, Acting Community Development Manager

APPROVED BY: Chris Dyhrberg, Chief Customer Officer

RECOMMENDATIONS TO COUNCIL

1. That the Terms of Reference for Community Reference Groups, including the Disability Reference Group, Seniors Reference Group and the Pasifika Reference Group, be approved.

2. That the Council confirm a liaison Councillor for each Reference Group.

1. ISSUE

- 1.1 On 9 June 2021, as part of 10 Year Plan deliberations, Council resolved that a Seniors Reference Group and a Pasifika Reference Group are to be established.
- 1.2 Each resolution instructed that Terms of Reference were to be developed and reported to the Community Development Committee in the 21/22 year.
- 1.3 This memorandum presents the Terms of Reference (attached) that have been developed for these two new reference groups.
- 1.4 The Terms of Reference presented also covers the Disability Reference Group and would supersede their existing Terms of Reference.

2. DISCUSSION

- 2.1 The Disability Reference Group (DRG) was established in 2018. As noted in the attached Terms of Reference, the Palmerston North disability community is unique, due to a range of historical and contextual factors, and this is reflected in the special character of the DRG. Since its inception, the DRG has successfully provided valuable input into a range of council activities, and the forum has enabled progression of ideas such as the Companion Card programme.
- 2.2 Submissions to the 2021-2031 10 Year Plan earlier this year established a demand for a dedicated forum for both Pasifika and for Seniors, similar to the

- Disability Reference Group, to improve liaison and provide better understanding of the impact of council activities on these communities.
- 2.3 In the process of preparing the Terms of Reference, staff have spoken with members of Papaioea Pasifika Community Trust and Age Friendly Palmerston North, whose submissions to the 10 Year Plan supported the establishment of the new reference groups.
- 2.4 Staff also worked with the Disability Reference Group to ensure that the new Terms of Reference document meets their needs and expectations, including carrying over significant clauses from their current Terms of Reference. Their current Terms of Reference has served them well during these first three years and has formed the basis of the proposed Terms of Reference in this memorandum. The new Terms of Reference would enhance the resourcing of the DRG and provide additional clarity on procedures for membership which are silent in their current document.
- 2.5 The Terms of Reference document presented acknowledges the special character, role and significance of each group, whilst also enabling all three groups to be coordinated in a clear and consistent manner by setting out a consistent level of resource and commitment.

3. NEXT STEPS

3.1 Following approval of the Terms of Reference, staff will commence the selection process for membership of the Seniors Reference Group and Pasifika Reference Group, with a view to having the groups established and operational by 30 June 2022.

4. COMPLIANCE AND ADMINISTRATION

Does the Committee have delegated authority to decide?	No
If Yes quote relevant clause(s) from Delegations Manual	140
Are the decisions significant?	No
If they are significant do they affect land or a body of water?	No
Can this decision only be made through a 10 Year Plan?	No
Does this decision require consultation through the Special Consultative procedure?	No
Is there funding in the current Annual Plan for these actions?	Yes
Are the recommendations inconsistent with any of Council's policies or plans?	No
The recommendations contribute to Goal 3: A Connected and Safe Cor	mmunity
The recommendations contribute to the achievement of action Connected Communities	n/actions in
The action is: Establish and support a Seniors Reference Group to liai	ise between

older people and Council; Establish and support a Pasifika Reference Group to liaise between Pasifika communities and Council

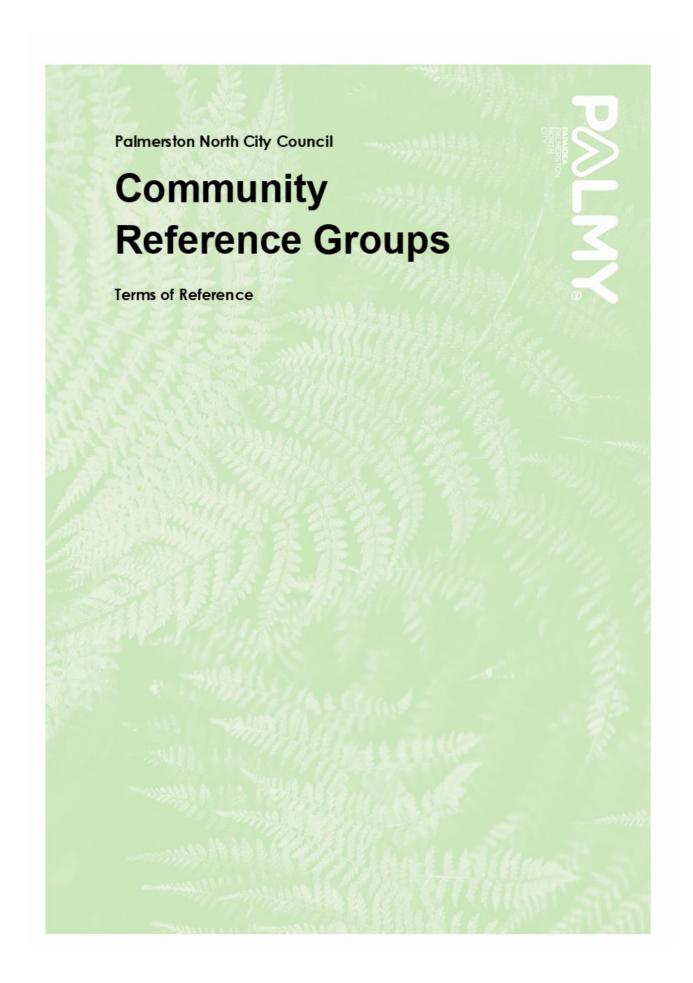

Note the Community Reference Groups also contribute to the achievement of actions under Goal 5: Driven and Enabling Council, in particular Active Citizenship.

1 Introduction

1.1 Background, scope and purpose

Palmerston North City Council (Council) has resolved to establish several Reference Groups to ensure that engagement takes place with specific sectors of the Palmerston North community.

Reference Groups provide Council with a direct channel to hear the voices of those with lived experience in a community or demographic, with the Groups having opportunity to provide feedback on PNCC activities, including what should be considered in planning, developing or implementing activities.

Reference Groups facilitate stronger relationships between Council and community, providing Council with a better understanding of community needs and perspectives, and providing communities with a dedicated forum to have their views and ideas heard by Council.

Part of the scope and purpose of each Reference Group is to provide submissions on Council decision-making processes, including the Long-Term Plan.

1.2 Document purpose

The purpose of these Terms of Reference is to guide the operation of each Reference Group.

To have a common Terms of Reference for all included Community Reference Groups provides clarity to Council, council officers and the community as to how the groups will operate and sets clear expectations for Council and Reference Group members.

1.3 Groups covered by these Terms of Reference

Groups covered by these Terms of Reference include the following standing groups:

- Disability Reference Group
- Pasifika Reference Group
- Seniors Reference Group

New reference groups may be covered by these Terms of Reference over time.

It is noted that there are many other reference, engagement or advisory mechanisms of PNCC which have different structures and scopes, including working groups stood up for specific projects, which are not covered by these Terms of Reference.

1.4 Process for establishment or disestablishment of Reference Groups

Community Reference Groups of Council may be established via a resolution of Council in response to a community request or identification of community need.

Reference Groups may be disestablished via a resolution of Council.

1.5 Document review or amendments

These Terms of Reference will be reviewed biennially. Amendments may also be made by Council as and when Reference Groups are established or disestablished.

2

2 Disability Reference Group

At the Community Development Committee meeting on 12 June 2017, it was recommended that Council supports the formation of a Disability Reference Group to advise Council on disability issues. The Disability Reference Group was then formed in 2018.

In November 2020, the Community Development Committee recommended that Council acknowledges the Enabling Good Lives principles and seeks to integrate them into the way Council goes about its work.

The Palmerston North disability community is unique, due to a range of historical and contextual factors, and this is reflected in the special character of the Palmerston North Disability Reference Group.

The Disability Reference Group is also guided by the New Zealand Disability Strategy, which was adopted by central government in 2016:

The New Zealand Disability Strategy 2016 vision is for the Country "to be a nondisabling society – a place where disabled people have an equal opportunity to achieve their goals and aspirations, and all of New Zealand works together to make this happen".

The purpose of the Disability Reference Group is to ensure that the needs of disabled people are appropriately taken into account in the context of Council's roles and priorities. This includes:

- Representing in relation to PNCC's activities the interests, perspectives and expertise of people within our community living with impairments.
- Building strong relationships and establishing channels of communication between Council and disabled people living in our community.
- Providing guidance, advice, and support to inform the Council's planning and decision-making processes at a strategic level as well as identifying actual and potential operational gaps in PNCC's activities.

3 Pasifika Reference Group

In the 10 Year Plan 2021 – 2031, as a result of community consultation, Council resolved to establish a Pasifika Reference Group and a Seniors Reference Group commencing 2021/2022.

Palmerston North has growing number of Pasifika people and communities, with 5.3% of the population as at the 2018 census. 1.8% of the city were born in the Pacific Islands. At least eleven Pacific Island origin languages are spoken, with Samoan being the fourth most spoken language in the city.

Council and the Pasifika community organisations of the city have longstanding relationships, and Council is one of the only councils in New Zealand with a dedicated officer for Pasifika community development. In 2020, Council demonstrated its dedication to supporting and empowering the Pasifika communities of the city by signing a Memorandum of Understanding with the Ministry for Pacific Peoples.

The Pasifika Reference Group is a significant opportunity to build on these foundations, further strengthening relationships and enhancing Council's strategic and operational activities towards a shared goal of thriving Pacific peoples.

3

4 Seniors Reference Group

In the 10 Year Plan 2021 – 2031, as a result of community consultation, Council resolved to establish a Pasifika Reference Group and a Seniors Reference Group commencing 2021/2022.

The over 60 population in Palmerston North is approximately 19% according to the 2018 census. In line with global trends, long term projections for the city show this cohort is expected to increase in terms of proportion of population faster than all other age groups. This demographic shift will have wide ranging implications, including for housing, health, employment, financial and social issues.

While Council has worked alongside organisations who work for or with seniors for many years, including the appointment of a representative to Age Friendly Palmerston North in May 2020, a Seniors Reference Group provides a dedicated regular platform for older people's voices to be heard and considered by Council. This Group will assist Council in responding to current and future opportunities to create a city that is fit-for-purpose for all community members.

5 Membership

5.1 Group composition

Each group will have between eight and fifteen members.

Members of the Seniors Reference Group will be at least 60 years of age at the time they are appointed.

The Disability Reference Group will include disabled people and may include family members of disabled people and others from the disability sector. Disabled people must make up at least 60% of membership.

The Pasifika Reference Group will include members with a variety of backgrounds and experiences, including members from each Pasifika community in Palmerston North. Members will have connection to and experience working with Pasifika families and communities.

Groups will have at least one member with lived experience in Te Ao Māori. The representation of Māori members may not be applicable to the Pasifika Reference Group.

Groups may be attended by one nominated liaison Councillor for communication purposes. The Councillor is not a member of the group.

5.2 Selection process

Membership selection will be guided by the following process.

The selection process of group members will commence with a call for expressions of interest. Expressions of interest will be called for publicly via PNCC's communication channels, which will include promotion via relevant community networks.

Selection decisions will be made by a panel, including: a member of the current group as nominated by the group, the Councillor liaison and the council officer liaison. For new groups with no existing members, the panel will include the Councillor liaison and the

4

council officer liaison only; the panel may consult relevant community representatives to assist in selection decisions for new groups.

Group members need to:

- live within the boundaries of Palmerston North City Council at the time of selection
- be available to regularly attend (either online or in person) and contribute to meetings as scheduled

Group members need to have:

- lived experience as relevant to the purpose and/or demographic of the group
- a broad knowledge of issues relevant to the group
- good relationships and networks with relevant communities
- the ability to work effectively in a team
- an understanding of Te Tiriti o Waitangi

Subject to the above criteria, during selection the panel will have regard to maintaining an appropriate balance of people, including consideration of gender mix, cultural background, lived experiences, and age.

After the initial establishment of the Reference Group, new members will only be sought if a group drops below minimum numbers. The exception to this is if, as a result of a member exiting, the Group determines that the representative balance of the Group is negatively impacted.

5.3 Process for exiting members

Members may resign from the Group at any time via written notification to the council officer liaison for the Reference Group. Advance notice of one month from the resignation date is preferred.

6 Meetings

6.1 Frequency

Each group will meet at least four times per year. A provisional meeting schedule will be agreed annually. This schedule can be varied throughout the year.

6.2 Resourcing

PNCC will support each Reference Group with a designated council officer, who will provide administrative support and act as liaison for other council officers.

PNCC is responsible for providing Group members with an induction explaining the Council's function and processes, and the role of the Reference Group.

PNCC will provide each new Reference Group member a copy of these Terms of Reference.

PNCC will provide an appropriate venue for meetings.

MEMORANDUM

TO: Community Development Committee

MEETING DATE: 1 December 2021

TITLE: Portfolio Update - People and Community - March-November

2021

PRESENTED BY: Councillor Lorna Johnson, Lead Councillor, People and

Community Portfolio

RECOMMENDATION TO COMMUNITY DEVELOPMENT COMMITTEE

1. That the Committee receive the Portfolio Update – People and Community for information.

Portfolio membership

Cr Rachel Bowen, Cr Renee Dingwall, Cr Lew Findlay, Cr Pat Handcock, Cr Zulfiqar Butt, Cr Billy Meehan, Cr Lorna Johnson (Lead)

Portfolio scope

Community sector, seniors and older persons, youth, multicultural, children and families, arts and culture, Pasifika, Rainbow.

Portfolio goals (to achieve over 3 years)

To support a connected and safe community (Goal 3)

To engage with the community sector, strengthen relationships and identify opportunities and issues

To support Palmerston North to be recognised as an Age Friendly City

To support Palmerston North to be accredited as a Welcoming Community

Activity summary

The members of this portfolio have attended a wide range of events and meetings engaging with the community sector over the past 9 months, which includes periods of level 4 and level 3 Covid-19 restrictions. I am grateful for their commitment to the community.

Opportunities and Issues summary

Community groups appear to be coping well with Covid-19 challenges this year, with some groups able to access extra external funding in terms of government grants. Cost of leases and needing to expand premises is a challenge.

For residents, cost and availability of housing is still a pressing issue.

Arts sector is still finding it hard to operate successfully with current Covid-19 restrictions, but venues who have been more flexible (such as The Globe and The Regent) have helped with this.

MEMORANDUM

TO: Community Development Committee

MEETING DATE: 1 December 2021

TITLE: Portfolio Update - Safe City - November 2021

PRESENTED BY: Councillor Pat Handcock, Lead Councillor - Safe City Portfolio

RECOMMENDATION TO COMMUNITY DEVELOPMENT COMMITTEE

1. That the Committee receive the Portfolio Update- Safe City report for information

Portfolio membership

Crs Vaughan Dennison & Renee Dingwall

Portfolio scope

Goal 3: A connected and safe community

Portfolio goals

- Coordinating and facilitating the work of the Safety Advisory Board
- Building resilience and disaster preparedness for civil defence and emergency situations
- Meeting regulatory responsibilities
- Maintaining Palmerston North's Safe City Accreditation

Summary

- Safety Advisory Board Strategic Outcomes Plan launched in May. There has been some progress with developing focus areas, however there is some lag due to organisational pressures caused through Covid-19.
- Two stakeholder groups have been working in recent months on Street People/Beggar issues within the CBD and secondly a stakeholder group has been focussing on some anti-social behaviour of rangatahi within the CBD. Subject to ongoing work.
- Council officers have committed to exploring solutions to mitigate 'street racer' issues being experienced on the outskirts of Palmerston North city.
- Exploring opportunities to create better community safety and community development alignment across the Safety Advisory Board, WOSIDG and the Regional Intersectoral Network has commenced with some informal talks.

Subsequent recommendations for consideration
