THE ARBORETUM ZONE

Te Waimana O Tiritea

The garden concept has been broken into seven achievable 'zones' to be completed in stages.

The filtration zone will be the first zone completed.

- QS for this zone has been kept to an achievable \$10 mil
- The Foundation will need to endow an additional \$2.4 million for the annual operational costs of the garden
- Fundraising target for stage 1, the Filtration Zone, is therefore \$12.4 million

What would we like from PNCC now...

On 20 March the University launched the For A Better World campaign...

- The campaign seeks to raise **\$32 million** in the next three years to support areas at Massey where the university has strength, where there is a need for graduates, and where we want to remain world leaders – that is broadly the food and fibre sector, design and public health.
- The campaign will also fundraise to support stage one of Te Waimana O Turitea – to showcase Massey’s areas of excellence and to form a literal gateway into study in these key sectors
- We’d like PNCC to make a pledge of \$1 million (over three years) to the Te Waimana O Turitea Project that will allow us to approach Lotteries and other rs that require evidence of other funders
